social isolation explores the critical link between loneliness addiction and mental health positioning social reintegration as vital for recovery and mental stability the book argues that addiction is fundamentally a disorder of connection challenging traditional treatment models that often overlook the profound impact of social disconnection did you know that social isolation can intensify addictive behaviors by acting as a powerful trigger and maintaining factor the book delves into decades of psychological research including neuroscientific findings to illustrate how isolation affects the brain's reward pathways and decision making processes this self help psychology book uniquely reframes addiction emphasizing the need to rebuild social networks for sustained recovery it examines how social determinants of health can either buffer against or exacerbate vulnerability to addiction the book progresses methodically first clarifying the concepts of social isolation loneliness and addiction then exploring the psychological and neurobiological mechanisms at play and finally providing practical applications and guidance for individuals loved ones and healthcare professionals

harris focuses on how afro americans involved in the civil rights movement the black power movement and the vietnam war either achieved major objectives or failed to make their lives purposeful he demonstrates how one or more of these major historical events determined the plot and characterization of seven novels by john williams george davis wesley brown alice walker john mccluskey john killens and ishmael reed harris analyzes the vital connections between political awareness and literary consciousness during the 1960s and

explores the quest myth that permeates afro american culture isbn 0 87805 335 2 27 50

tylor s ideology is best described in his most famous work the two volume primitive culture the first volume the origins of culture deals with various aspects of ethnography including social evolution linguistics and myth the second volume titled religion in primitive culture deals mainly with his interpretation of animism on the first page of primitive culture tylor provides an all inclusive definition which is one of his most widely recognized contributions to anthropology culture or civilization taken in its broad ethnographic sense is that complex whole which includes knowledge belief art morals law custom and any other capabilities and habits acquired by man as a member of society primitive culture remained the pinnacle of tylor s career important not only for its thorough study of human civilization and contributions to the emergent field of anthropology but also for its undeniable influence on a handful of young scholars

the past two decades have seen an outpouring of work in legal theory that is self consciously critical of aspects of american law and the institutions of the liberal state in this lively volume eminent scholars in philosophy law and political science respond to this recent scholarship by exploring what constitutes a radical critique of the law examining such theories as critical legal studies feminist theory and theories of difference and critical race theory the authors consider whether the critiques advanced in recent legal theory can truly be called radical and what form a radical critique of american law should take writing at the cutting edge of the critique of critical legal theory they offer insights first on critical legal scholarship then on feminist political and legal theory a third group of contributions questions the radicalness of these approaches in light of their failure to challenge fundamental aspects of liberalism while a final section focuses on current issues of legal reform through critical views on criminal punishment including observations on rape and hate speech each major essay describes the underlying principles in the development of a radical legal theory and addresses unresolved questions relating to it while accompanying commentaries present conflicting views the resulting dialogue explores wide ranging issues like equity value

relativism adversarial and empathic legal advocacy communitarianism and the social contract impartiality and contingency natural law and corrective justice a common thread for many of the articles is a focus on the social dimension of society and law which finds the individualism of prevailing liberal theories too limiting radical critiques of the law is particularly unique in presenting critical and feminist approaches in one volume along with skeptical commentary about just how radical some critiques really are proposing alternative critiques that embody considerably greater promise of being truly radical it offers provocative reading for both philosophers and legal scholars by showing that many claims to radicalism are highly problematic at best

globalisation has caused an increase in the amount of cultural mingling for some people diversity is seen as richness but for others there have been problems of identity and hence conflict this world survey looks at the current debates cultural policies national identity and methods of measuring culture it is backed up by statistical tables and cultural indicators and includes a cd rom of cultural resources on the
